Education

2001-04	Bachelor in physiotherapy at Næstved Ergo- og Fysioterapeutskole CVU-syd
2010-12	Master in Rehabilitaion

Employment

2009	Hvidovre Hospital, Denmark. Department of Neurorehabilitation TBI Unit. Identification of required development, planning and implementation of professional deveopment by means of teaching and supervision, support and development of inter-professional cooperation between the different professions in the department, initiate research and developing initiatives among colleagues and carry out his own developing projects and research.
2007-2009	Lecturer in neurologic physiotherapy for students at the 5th semester at Skodsborg physiotherapist school
2007-2009	Responsible for the specialization of physiotherapists within the field of apoplexy. This involved updating of the latest knowledge and training of colleagues and students. Glostrup Hospital.
2008	Clinical trainer within physiotherapy, Glostrup Hospital.
2005-2006	Heart Team: Training of persons who have had a cardiological intervention. The training focuses on exercises that will improve the conditioning of theses persons with the aim of teaching them where the physiological limitations lie and to give them some tools to help them to train themselves. AOF Vestegnen
2004-2005	Physiotherapeutic treatment of ordinary patients and patients free of charge referred from a doctor. Clinic for physiotherapy by Anne-Mette Ragle.
2004-2007	Physiotherapist. Handling of functions on rheumatological/geriatric department BN25 and BG35. These departments' main task is the acute reception of patients with apoplexia and rehabilitation of patients with apoplexia. Glostrup Hospital.
2003	Substitute for a physiotherapist. Training of patients with a severe og moderate brain injury. The training is based on the ABC-conceptwith emphasis on interdisciplinary cooperation. Dianalund Treatment Center.
2003-2004	Physiotherapist (to be called) - Treatment Center: Rehabilitation Center for patients with a brain injury. Dianalund

Lecturer

2013	"Apoplexy - Examination and physical training" 9 day course at Center for Hjerneskade, Amager, arranged by Danske Fysioterapeuter.
2011	"Apoplexy - Examination and intervention" 3 day course at Ringe Neurorehabilitationcenter arranged by Danske Fysioterapeuter.
2010	"Optimization of training initiatives for the neurological patient" Region Sjælland minifagfestival, Ringsted Kongrescenter.
2010	"Evidence-based training of patients with Apoplexy" 2 hour lecture arranged by Marianne Kongsgaard, Region Nordjylland
2010-11	"Apoplexy: Examination and intervention" 3 day course in Randers municipality arranged by Danske Fysioterapeuter.
2010	"Apoplexy: Examination and intervention" 3 day course at Marselisborg Center arranged by Danske Fysioterapeuter.
2010	"Apoplexy: Examination and intervention" 3 day course at Bispebjerg Hospital arranged by Danske Fysioterapeuter.
2009	"The painful shoulder on patients with hemiparesis" 3 hour course at Frederiksberg Sundhedscenter for physiotherapists and occupational therapists.
2008	"Implementation of test - Motor Assessment Scale" 1 day course at the rehabilitationcenter in Frederikssund municipality
2008	"Physiotherapy for neurological patients" 3 hour teaching of the subject: task-oriented training of patients with Apoplexy.

2008	A lecture concerning "Motor relearning programme - what does the black box contain?" Theme day at Neurologisk faggruppens generalforsamling 2008.
2008	"Physiotherapy for neurological patients" 3 hour teaching of the subject: Task-oriented training of patients with Apoplexy.
2007	A lecture concerning "Task-oriented training of patients with Apoplexy". Theme night arranged by neurological occupational group
2007	"Physiotherapy for neurological patients" 3 hour teaching of the subject: Task-oriented training of patients with Apoplexy
2006	"Physiotherapy for neurological patients" 3 hour teaching of the subject: Task-oriented training of patients with Apoplexy

Courses

2011	Spasticity – new knowledge from basic- to clinical research Organized by Department of Neurorehabilitation TBI Unit, Glostrup Hospital and Center for Rett syndrome, Kennedy Centret, Glostrup. Symposium coordinator and contact person Jakob Lorentzen.
2011	Training and fall prevention of elderly patients. Shumway - Cook & Wallacott arranged by Hvidovre Hospital.
2009	Rehabilitation of the elderly and fall prevention Shumway-Cook & Wallacott arranged by Danske Fysioterapeuter.
2009	Neuroplasticity and Neurorehabilitation Symposium at Sandbjerg Estate arranged by Dansk selskab for Neurovidenskab by professor Jens Bo Nielsen, KU.
2006	Course on statistics by Carsten Juhl, Hans Lund and Henrik Røgind.
2005	UE-course. "Evidence-based rehabilitation of the lower extremity in adult patients with apoplexy or a brain injury." Neurological professionals.
2005	OE-course. "Evidence-based rehabilitation of the upper extremity in adult patients with apoplexy or a brain injury." Neurological professionals.

Conferences

2012	Fagfestival, Danske Fysioterapeuter – Odense convention center, Denmark.
