## Clinical and scientific fellowships abroad

Visiting Fellow working on transplantation of flexible membranes to the subretinal space. Dept. of Ophthalmology and Visual Science, Washington University, St. Louis. (Prof. HJ Kaplan og Dr. T Tezel) USA 1998.

## Surgical qualifications

I was trained in vitreoretinal surgery by Prof. Morten la Cour 2004-2007 and received further training by Jørgen Villumsen (2005-2007). Training in ocular oncology was supervised by Prof. Jan Ulrik Prause, Prof. Peter Koch Jensen and Erik Scherfig (2007-2008).

I am confident with the diagnosis and treatment of all types of vitreoretinal diseases at a highly specialized level. I have particular experience in diagnosis of intraocular tumours. In addition I can management of all types of retinal detachment, ROP, diabetic retinopathy, complicated forms of Coat's disease, posterior segment trauma, macular hole, epiretinal membranes, vitreomacular traction, and complications to anterior segment surgery.

## Clinical administrative qualifications

Head of the ocular oncology service in the eastern part of Denmark (2008-).

## Scientific formal qualifications

PhD, University of Copenhagen (2002) with the thesis: " Implantation of basement membranes in the subretinal space in pigs. Repair of damaged Bruch's membrane to prevent subretinal neovascular scar formation".
